

More Than Just A Green Thumb

Gardening Advice for the Pacific Northwest
by Don Tapio

A new book by Don Tapio covers a year's worth of gardening advice, tips, and information for Pacific & Grays Harbor counties. You have read his articles in the paper, but unless you saved them in a notebook, they aren't all in one place. More Than Just a Green Thumb makes it easy to find what to do about aphids on your plants, which varieties of fruit & vegetables grow well in this area, and what to do to keep your lawn healthy.

Don has over 30 years of experience with what grows well in this area. He works with farmers, Master Gardeners, the Weed Board and tree farmers. Those are just a few of the people who benefit from his expertise of plant, integrated pest management, gardening and farming.

You may know him from his radio talks, newspapers, Home & Garden Show, Farm Tour, Showcase Tour or Garden Tour. You may have heard him speak at a local gardening club, small farms class, grange dinner, or worked with him through a service or civic organization.

You may order a book by mail at: ***More Than Just a Green Thumb***
PO Box 3018
Elma, WA 98541
